# TELEMEDICINE

## Telemedicine Visits

For our Suboxone patients we now have the ability to offer telemedicine visits. This allows you to access care from the convenience of your home or any private location that works for you.

We use the platform doxy.me to provide this service. The platform is HIPAA compliant to ensure privacy. In order to participate you need internet access and a computer, tablet or smart phone with audio/visual capability.

### ***How this works:***

- 1. Book your appointment online at [recoveryconceptssuboxone.org](https://recoveryconceptssuboxone.org).***
- 2. You will receive an email with payment instruction.***
- 3. After payment you will receive an email from doxy.me with instructions on how to participate in your telemedicine appointment.***

**Questions? Call (708) 355-1155**
